

LOCAL TALK

ARE BECOMING SALVATIONISTS.
The Wichita real estate man has become a regular fund-clapping revivalist. One of them said yesterday in speaking of the year's record for the town: "Look at the Sheets building. Look at the Masonic Temple. Look at the First National bank. Look at the Wichita hospital. Look at the addition to St. Francis. Look at Martha Washington home. Look at the increased attendance at the high school, Fairmount and Lewis academy. Look at the new residences. See McNight's residence. Turn your eyes on Charles Fuller's fine new home. Six year ago upon the Park's home. Go over to the new park and walk around. A year ago it was a wilderness. Go up to Dold's and see them despatch boys. And did you hear about Whitaker's? That new street railway will be going in pretty soon. And have you heard about Hyde and his Men- tholatum. It is coming to be the biggest proprietary thing of its kind on the market, not in Wichita or Kansas, but the country over. Do you know that a popcorn made here in Wichita has a sale all over the southwest. A little thing? Oh no. The man who is making it has been which show it is not a little thing. Can you find a vacant house in town? Do you know all the business houses, wholesalers and retail, are doing an increased business? Do you see the red of new brick in the skyline of Douglas avenue and Main street? Have you ever known the Wichita stores to be bigger and finer than they are today? Do you know that Wichita has a number of specialists with patients all over the southwest? Have you seen M. C. Campbell's home, H. Campbell's home, John Charles home, Mr. Garland's home, Mr. Pullington's home? Do you know that Wichita is coming to be the home of the cattleman? Do you know Messrs. Winne and Winne, Mr. Pultz and Mr. Conklin? You better get acquainted with them. They are new citizens, live, progressive, influential men. Did you ever hear of the Springfield Furniture company? Go down to the Market street and look into the house of Fischer & Floyd. It will surprise you to see the way they are running around. Go up on North Topeka and glance into the house of Jett & Woods. They'll surprise you. Do you know the old City Mills are running? Have you ever been in the Imperial Mills? Have you heard about the Metropole opening? Do you know the railroads are putting in new sidings? "And by the way," he concluded, "do you know a section of the city where a change is not taking place, where the old order of things is not being turned topsy-turvy, where there is not new blood, new life, new activities? Why, man alive, it has struck the town all in a bunch. Talk about stocks. Can you recall in the whole of our eventful past when there has been as much change in six months as there has been in Wichita the last six months? I hardly think you can. Wake up, my friend. Your shoulder to the wheel. If you don't like your neighbor, go over and sit on his front porch and make up with him. Let politics alone and work for Wichita. Grab all the snaps you can get and pay taxes on. The greatest bargain counter in the world, my friend, is not in New York, but right here about us, right here today. Wake up."

INCREASES EVERY DAY.
As an instance of how things are booming in Wichita the stamp sales at the postoffice increase daily, almost without exception.

ELECTRIC CARS AND CABLES.
One of the old stock discussions between the people who still reside in Wichita and former Wichitans visiting from Chicago was the relative value of an electric system and a cable system. The electricians always won with an air of superiority that the cable system was the only system. It is pleasant to know that Chicago and Kansas City are both preparing to relegate their cable systems and substitute electricity. The trolley is the biggest thing in the world.

FIREMAN'S HOSPITAL ROOM.
One of the most beautiful rooms at the Wichita hospital is that furnished by the Wichita fire boys. The room has cost them \$200 and is probably the finest hospital quarters for firemen in the entire west.

Mr. and Mrs. Howe came here and were preparing to give the kindness. Mrs. Howe is the only person who ever came to the hospital.

CLASSIFIED WANTS

MUSIC AND DRAMA
The Paines drew two good audiences to the Crawford yesterday, closing their week's engagement in Wichita last night with "The Widow Partington." The play is a farce comedy and quite funny. George Paine did some really clever work in the character of the widow. There was lots of fun for everybody in the play. This company is probably the best popular priced company that visits Wichita and the members of the company are clever people and well balanced and the gave splendid satisfaction with every performance. The specialties of Arthur Jennings Stanley and Condon, and Ferdinand Ashby, tenor, and the waroscope, operated by Walter O'Neil, are all entertaining specialties. Every member is an actor, their costumes are beautiful and the attention given to stage setting and details are those of a high priced attraction.

A BREEZY TIME.
Fitz & Webster's "A Breezy Time" company will appear at the Crawford Grand Saturday, Sunday and night, October 2. If you want to go to the theatre to be brought up and have your nerves set on end by harrowing and tear-producing situations, you are cautioned to avoid "A Breezy Time." It is announced by the management of this piece that it contains absolutely no moral lessons, social satire or story of "suspenseful" and exciting by performers with the very best ability. The piece is in point of fact an olio. In it there are lots of pretty girls, catchy music, untouchable comedians and graceful dancers. There is a slight tory, but it is so unimportant that it is not worth mentioning. The cast is well balanced, each one having been engaged for some particular talent that he or she possesses, but they play together in such a way that this result is harmonious in the extreme, and best of all very laughable. This comedy farce entertains with music, mirth and merriment; has the sweetest songs, jolliest jokes and happiest of hits; the novelties introduced here are of the three-legged stool, lawn tennis quinine and soda, serenade, frolic of the frog and a grand cake walk by the entire company.

HOSPITAL LECTURE COURSE.
The number chosen for the opening of this course is one that is worthy of the thoughtful consideration of our educators and students. Rev. Thomas Dixon is not only a most interesting and forceful speaker, but a man of high education, wide experience and a great fund of knowledge of human nature. He appeals on all classes. To the student he is an instructor; for the educator he furnishes a platform for reflection; to those seeking amusement his lecture is most entertaining. He speaks for two hours and one does not realize that he has spoken for thirty minutes till they stop to consider what he has said.

The course will be given at the Crawford Grand, the latter part of this month with the lecture by Mr. Dixon. There are but 600 course tickets to this course, and the holders of these can have the first choice of seats. In this way each one can feel sure of securing a good seat without having to rush for it on stand in line and wait for a chance to secure one. The second number in the course is the illustrated lecture of Rev. J. J. Lewis on the "Passion Play of Our-Americanism."

The third tour of Hermann the Great under the direction of Mr. Louis Thurnauer opened in Chicago September 5 for a two weeks stay, and then continued on a northwestern tour covering the greater part of the territory used last season, where the Hermann gave the greatest of satisfaction and where managers are desirous of playing them again. There are many new districts in the territory, that have as yet never been seen in this country, and Adelaide Hermann is giving the public for the first time her latest "Ancient and Modern Fashion Plate," in which she changes her costume fifty times in ten minutes without leaving the stage, also the Japanese Magic Fete, in which she introduces some of the most intricate and sensational novelties known to the world. For this act especially new scenery is painted by Mr. Ernest Albert of New York City.

They will be among the October offerings at the Crawford Grand.

CLEVER SHOW.
Among the good things to come to the Crawford Grand this season is "The Gay Matinee Girl," which made quite a hit here late last season. Of this attraction the La Crosse Chronicle of September 18 says:

"There was a good sized and very enthusiastic audience at the theatre last night, when Mattie Vickers and her clever company of artists presented the 'Gay Matinee Girl.' It is a remarkably well-staged farce comedy and is full of dash from the time the curtain goes up until it goes down. The play itself is funny and the specialties excellent. Miss Vickers is the special feature of the evening. Her German dialect monologue kept the audience in a constant uproar."

"Monroe and Hart are particularly happy entertainers and make a hit with their dances and dancing."

"The prettiest features of the bill were the wonderful and the rainbow dance. The national opera melange and the new dance a fitting end for the evening's amusement."

A BUNCH OF KEYS.
Manager Martling has secured the original and only "A Bunch of Keys" for the Crawford Grand. As it is a humorous farce a new play could be written every year on the subject. That is the reason we are presented with a new production every season, so numerous are the funny incidents that happen every day in hotel life. This season we have new faces, new songs, new dances, and bright, new jokes, so that "A Bunch of Keys" never grows stale.

Election of Officers.
The following officers have been elected for the next term, Sons of Hermann Lodge No. 4:

President—August Hoffmann.
Vice President—Ernest Hoffmann.
Secretary—Henry T. Camlin.
Treasurer—Christ Kimmerle.
Trustee—August Lutzen.

There will be an open installation on next Thursday night, October 8, where friends are invited to attend. Refreshments will be served throughout the evening.
